## Requirements for Marriage License

Both parties must appear in person to file an application for a marriage license.

 All applicants must have photo identification and their Social Security Card when applying for the marriage license.

 Applicants who do not have their Social Security Card may use another legal document which indicates the **complete** number:

- Voter Registration Card
- Military I.D.
- Visa or Resident Alien ID number

 If the applicant cannot obtain any of the above documents related to a social security card, they should go to the social security office and receive a statement that they do not qualify for a social security number or alien ID number.

 If applicant(s) are under the age of eighteen years (18), in addition to the above stated requirements they must provide the Court with a certified copy of their birth certificate and a parent of the minor must be present to sign consent for the application. The parent must bring photo identification. (If parents are divorced, the parent with custody must give the consent and produce a certified copy of their divorce decree to prove custody).

## Marriage License Fee

 There is a twenty-five dollar (\$25.00) fee for filing the application. [Note: The filing fee for underage persons with parental permission is twenty-six dollars (\$26.00)]. This fee must be paid before the application may be filed.

 *All fees must be paid in CASH. Credit cards and checks are not accepted for Marriage License Fees.*
